

## GB31 - Generator Boxes - Aluminum Single Top Open Lid

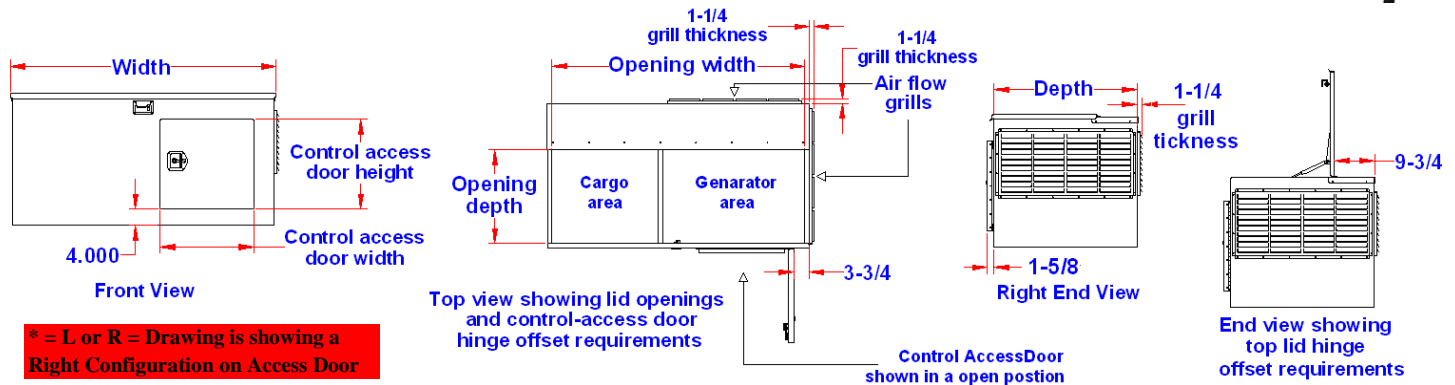

Generator boxes are super heavy duty, and offer easy access to your equipment. Boxes can be mounted on top of your truck or trailer. These boxes are designed to be used with a generator and for storage. Boxes are available in different sizes, and can be ordered custom size. All AMERICAN TRUCKBOXES boxes are designed and built to keep your equipment safe and secure.

### Description

- An engineered aluminum .125 smooth / .100 tread construction
- Fully seam welded on all seams and corners
- Stainless steel continuous hinge on full length of lid/door
- Gas springs to “pop” and keep lid open.
- Channel braced reinforced lid
- Compartment divider for storage
- Lockable stainless steel latch
- Adjustable lock striker for positive weather seal
- Durable stainless steel intake and exhaust grill
- Front excess panel for convenient access (left or right configuration)
- Automotive style latch with smooth rotary action
- Option forklift slots (add F after Asterisk)
- Mounting kit not included - M3200D

Shown above is a Left Configuration (Access Door)

Above prints are shown with a right hand configuration on the air flow grills

Please note: A minimum of “5” inch distance of space from air grill, is required on the full face of the air intake and exhaust grill for proper air movement.

Note: \* Boxes are available in a left or right front access panel configuration, add “L” for left and “R” where asterisk is located in part number.
