

## TL – Tank L-Shape - Steel or Aluminum

Tanks are heavy duty, and offer auxiliary supply for water, diesel, oil and/or bio fuels. Tanks can be mounted on or in truck box, flatbed and trailer. Tanks are available in different sizes, and can be ordered custom size. It is the user's responsibility to comply with local, state and federal requirements pertaining to safe transportation, loading and discharging of tank contents. **These tanks are not intended to be used for gasoline or cannot be used to transfer gasoline to another vehicle.** All AMERICAN TRUCKBOXES tanks are designed and built to a quality you respect.

### Description

- An engineered steel or aluminum construction
- Fully seam welded on all seams and corners
- Built-in baffle(s) reduces sloshing, larger tanks
- 2" female pipe thread couplings - inside reinforced
- 3/4" top fitting and 3/8" bottom drain
- Designed to work with cross box or chest box
- Pressure tested for leaks
- Powder coated baked-on finish, steel tanks
- Mounting bracket tabs to secure tank
- Diesel fuel kits available - use FTIK series
- Mounting kit not included - M3712-TMK or M3715-TMK

Steel Tank

Aluminum Tank

**Note: Tanks are to be mounted as per our mounting installation guide. Failure to properly mount tank will void warranty. For mounting tanks use M3700 series mounting kits.**

Note: \* Tanks are available in black and white, add "b" for black and "w" for white after part number.
